Comedy Club Update

At Ivy Street on Wednesdays and Thursdays, we do a fun club called Comedy Club with a guy named Andrew Gostow. We call him by his nickname, Mac. Some of the stuff we do in Comedy Club are playing some warm-up games, creating our own podcasts, and making sketch scripts. On Wednesday he comes to work

with students from all of the classrooms to learn the skits and to write them. The skits they come up with are used for Extravaganza. Mac's favorite song is "Since I've been Loving You" by Led Zeppelin. Mac is inspired by both Louie CK

and Wayne Brady. If we could sum up Mac in one sentence it would be "a super chill dude with lots of swag and a fun but laid back attitude."
